

SOUTH WEST WALES INDUSTRIAL ARCHAEOLOGY SOCIETY

Index of items appearing in the Newsletter or Bulletin (issues 1–151)

Entries are arranged under five main groups

1. Specific industries and activities
2. Articles not relating to a specific industry (including local and biographical studies)
3. Summaries of talks given at Society meetings
4. Reports of field trips
5. Book reviews

Certain items are *not* indexed, including

- society announcements and administrative matters
- activities of other societies
- brief press abstracts used as space fillers with no additional comment
- ephemera and brief news items
- requests for information

For each entry the name of the author (if given), the title of the item and the issue and page number are shown
